

MIL-Spec and Aerospace

AN, AS, BAC, BAS, MS, NA, NAS, LN , ST

AFT can provide fasteners which meet or exceed most MIL-Spec, Aerospace Standards and Private Specifications. We provide parts that are fully traceable and certified with Material Test Reports (MTR's), Certification of Conformance (COC's) and DFARS available upon request.

AFT understands the complexities and responsibilities of being a vendor to the US Government, its military branches and private aerospace industries. Strict compliances with MIL-I-45208A quality assurance specifications is often required, and AFT can provide your business with the certified parts you need.

Modern Standards

- **AN** - Army Navy Standard (Commonly referred to as the Air Force/Navy Standard)
- **MS** - Military Standard
- **NAS** - National Aerospace Standard
- **LN** - European Standard
